# Innovative products helping your business to grow

**EPSON**®
EXCEED YOUR VISION

# mPOS retail solutions

From pop-up shops and boutique outlets, to restaurants and bars, mPOS solutions have become an essential tool for retailers, to provide customers with a hassle-free, memorable shopping experience.

We have solutions that easily connect with tablet and mobile devices and allow you to print receipts from anywhere in store, as well as offering broad OS support.

We understand the ever-changing demands of today's retail and hospitality environments, and how more efficient mPOS is essential to customer satisfaction and your business growth.

Whatever your business challenges, Epson has smart, functional and stylish mPOS solutions to improve customer service, as well as make your lives a little easier.

# Find the best solution for your business

## Monzú Restaurant, France

*The TM-m30II-SL is user friendly and aesthetic, it's a great all-in-one solution with a really small footprint. It's ergonomic and fits perfectly with everything that we want to do here.*

Quentin Leteneur –
Operations Director,
Monzù Group

## 1910 e.V. Museum and Wine Bar, Germany

*The wine bar is now fully compliant with TSE or cash register security and therefore also complies with the tax office. In other words, no one needs to be afraid of the next tax audit.*

Sönke Goldbeck –
Managing Director, 1910 e.V.
Museum and Wine Bar

## Die Buntique, handmade toy shop, Austria

*The printer works seamlessly and is very simple to use, the till role is easy to change too.*

Emöke Huemer –
Owner, Die Buntique

## Chilli Banana, Thai restaurant, UK

*The customer sends the order, we accept the order and it's sent to our Epson printer and it prints out. We needed a printer that's reliable and so we got two TM-m30s - one in the kitchen and one in the front of house.*

Steve Blaney –
Co-Owner, Chilli Banana
Thai Street Food

# Keeps you connected and mobile

High street specialist shops and boutique outlets, small restaurants, bars, coffee shops and delis. For those who value mobile connectivity (inc. tablet 'sync and charge' options) for a hassle free shopping experience.

An mPOS printer that can act as a hub for other peripherals would also be a benefit. An attractive, compact design to fit seamlessly into the working environment. Tried and tested build quality and reliability.

# Looks great on your POS

Temporary retail outlets and eateries - for those who demand a non-stop, reliable service. Excellent connectivity meets mPOS customers' system requirements, including options for integrated Wireless connectivity and 'Sync and Charge' via USB-C.

Users also benefit from stylish, practical design with small footprint, Highly reliable with Epson's tried and trusted build quality.
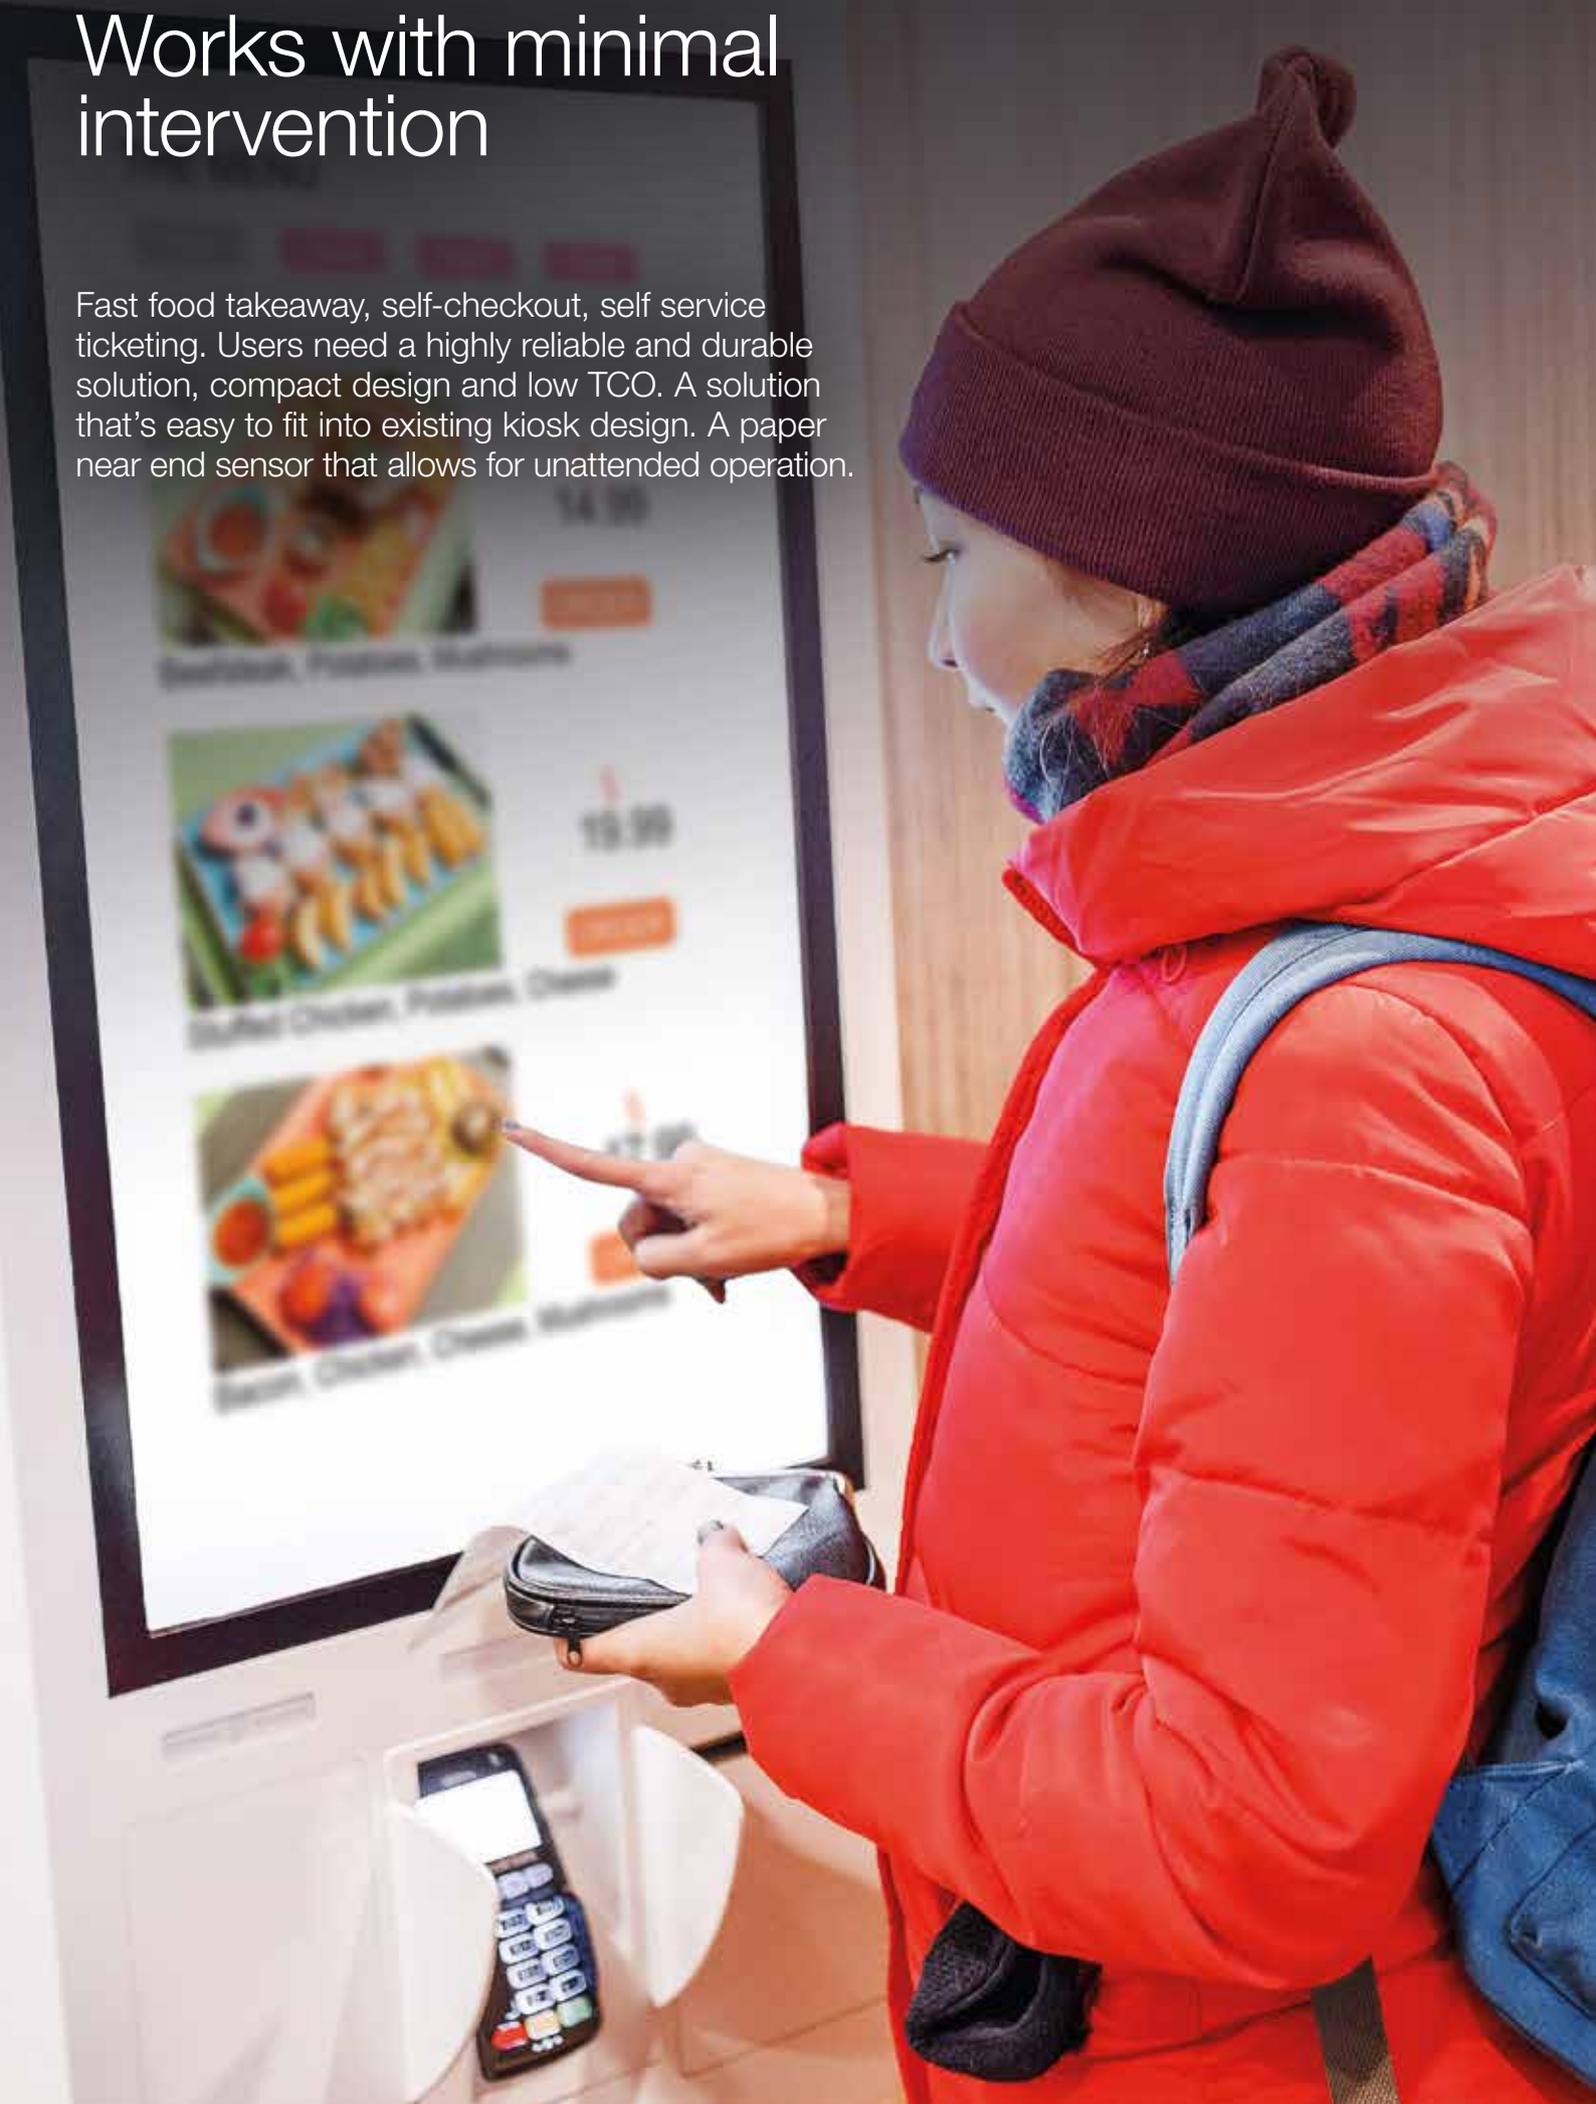

# Endures tough working environments

For those who would benefit from an affordable, easy to use, familiar tablet-based system. Small footprint, rugged and reliable. For those looking to solve the issue of queue busting and need to create a more efficient workflow.

# Works with minimal intervention

Fast food takeaway, self-checkout, self service ticketing. Users need a highly reliable and durable solution, compact design and low TCO. A solution that's easy to fit into existing kiosk design. A paper near end sensor that allows for unattended operation.

# Innovative products to suit all needs

## Receipt printers

### TM-m30II-SL series

Stylish, all-in-one mPOS solution with space-saving, low profile design.

**Advanced 'sync and charge' connectivity**
Provides power and data over a single cable to Android or iOS devices.

**Compact, stylish design**
All-in-one solution featuring a low profile design to save space.

**Reliable and easy to use**
Hardware backed by Epson's proven reliability and expertise.

iF DESIGN AWARD 2021

### TM-m30II series

Versatile mobile POS receipt printer provides excellent value, reliability and connectivity in a attractive, compact design.

**Modern, clean design**
